Collections & Recovery Manager

Description

The Collections & Recovery Manager is responsible for managing the end-to-end collections lifecycle, including pre-due payment follow-ups, delinquency monitoring, early-stage rollbacks, and legal recovery escalation. The role ensures disciplined recovery practices, minimizes delinquency movement into higher DPD buckets, and supports NPA containment through structured recovery mechanisms.

Responsibilities

- Payment reminders & buyer confirmations
- Manage 1–30 DPD rollbacks
- Legal escalation coordination
- Maintain recovery tracker
- Support arbitration / enforcement

KPIs

- Rollback rate from 1–30 DPD
- Recovery cycle time
- NPA containment

Qualifications

Any Degree or Any Related Degree
